

BeeZotted

Matthew Middleton

Supplier of Australian native stingless bees,
products and services, workshops and
school performances

Beezotted Australian Native Stingless Bee Workshop

Sunday November 13, 2016

9 am – 4 pm

Cobb and Co. Museum Toowoomba

Cost \$80 includes lunch

What: Split a boxed native stingless bee hive; transfer a hive from log to box;
learn bee care so they can care for you and your garden

Topics include:

- What's all the fuss about Australian native stingless and solitary bees?
- Stingless Bees found in Australia and latest information on their care
- Solitary bees: what are they and how to attract them to your garden
- Learn how to make a bee hotel
- How to quickly identify a bee or insect
- Pollination, predators: the good, bad and ugly

Hands on:

- How, when and why split a boxed hive
- Transfer a hive from log to box
- How to find bees in the bush
- Box designs and bee rescue
- Honey tasting and story time

Workshop facilitator: Matthew Middleton

Bookings essential: phone 0499 886 899
